C.H.I. OVERHEAD DOORS

THE DOOR TO QUALITY.

MODEL 2294 Long Panel, Insulated

MODEL 2296 Combination Panel, Insulated

MODEL 2298 Short, Insulated

- 2" thick door sections are formed from 25-gauge exterior and 27-gauge interior galvanized draw quality steel
- Aluminum overlays are wood grain embossed
- Extra-heavy paint system consists of .25 mil. primer with rust inhibitor and a .75 mil. coating of baked-on polyester paint in your choice of white, almond or sandstone
- Optional glass is available in clear glass or glue chip pattern
- Custom designed springs for smooth operation and easy lifting
- High-density polyurethane injected core
- Section joints are roll-formed into a tongue-and-groove design which produces a superior weather seal
- White, powder-coated hardware is available as an option
- Bottom weather seal utilizes an aluminum retainer and extruded virgin vinyl
- Long-lasting durable rollers assure consistent, efficient operation
- Recessed panel R-value – 9.60*

**Calculated in accordance with ASHRAE standard formulas*

FEATURES

9' x 7' 2294 white with optional window section

9' x 7' 2296 white with optional plain glass

They may look like wood, but these models are actually all-metal, maintenance-free insulated doors. The front and back skins are made with a pre-finished, wood grain embossed steel and the cores are filled with high density polyurethane for optimum weather protection. An all-metal exterior is used on both the panels as well as the overlays to ensure years of worry free maintenance.
